

KASHYAP VISHWAKARMA

Full Stack Developer (React.js | Next.js | ASP.NET Core | TypeScript | SQL)

kashyapvishwakarma6526@gmail.com | +91 8169498017 | Mumbai, India

Professional Summary

Full Stack Developer with 3+ years of hands-on experience building fast, responsive, SEO-friendly user interfaces and the ASP.NET Core / SQL backends that power them. Strong front-end expertise in **React.js**, **Next.js**, and **TypeScript**, with additional experience in **AngularJS** for enterprise-grade SPAs, paired with back-end skills in **ASP.NET Core Web API**, **JWT/OAuth 2.0 authentication**, and **SQL/PostgreSQL** data modeling. Comfortable owning a feature end-to-end – from schema and API design through component-driven UI – and collaborating closely with cross-functional teams to ship polished, production-ready products.

Skills Summary

Languages: C#, JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL

Backend: ASP.NET Core, Web API, Entity Framework Core, RESTful API Design

Frontend: React.js, Next.js, AngularJS, Redux

Styling: Tailwind CSS, Responsive Design, Cross-Browser Compatibility

Auth & Security: JWT, OAuth 2.0, Role-Based Access Control (RBAC)

Database: SQL Server, PostgreSQL, Query Optimization, Data Modeling

Tools & Platforms: Git, GitHub, Postman, Firebase, npm/yarn

Core Concepts: Full Stack Architecture, State Management, Performance Optimization, SEO-Friendly Rendering (SSR/SSG), Accessibility

Experience

Maharashtra Agro Industries Development Corporation (MAIDC)

Full Stack Developer

Goregaon East, Mumbai

December 2024 – Present

Mahaagromart E-Commerce Platform | www.mahaagromart.com

- Built fast, responsive, and SEO-friendly user interfaces using **Next.js** (React-based framework) with server-side rendering.
- Designed and developed **ASP.NET Core Web APIs** and SQL data models for product, order, and inventory management.
- Designed reusable, component-driven UI using **React.js** and **Tailwind CSS** for product listings, cart, and checkout flows.
- Implemented authentication and **Role-Based Access Control (RBAC)** across frontend and backend using JWT/OAuth 2.0.
- Optimized page load performance, Core Web Vitals, and SQL query performance for a large-scale e-commerce catalog.

Tech Stack: Next.js, React.js, ASP.NET Core, TypeScript, SQL, Tailwind CSS, REST APIs

Penpay Technologies Pvt. Ltd.

Full Stack Developer

Sakinaka, Mumbai

April 2024 – September 2024

Autometa Bot | autometa-bot.web.app

- Built the **React** frontend and integrated it with backend services using the **Fetch API** for network requests.
- Connected the UI to **Firebase** for real-time data operations and live updates.
- Used **Postman** to validate API contracts during frontend/backend integration, ensuring smooth end-to-end data flow.

Tech Stack: React.js, JavaScript (ES6+), Firebase, REST APIs

iEveEra Int Ltd

Frontend Developer

Andheri West, Mumbai

August 2022 – August 2023

Multiple Live Web Projects | ieveera.com | ieveeratimes.com | ieveeraseo.com | ieveeranews.com

- Delivered scalable, high-performance web applications across multiple live production sites using **HTML5**, **CSS3**, **JavaScript (ES6+)**, **AJAX**, and **React**.
- Built responsive and interactive UIs with strong attention to cross-browser compatibility and accessibility.
- Collaborated with backend teams to consume RESTful APIs for dynamic content across multiple news and SEO-driven properties.

Tech Stack: React.js, JavaScript (ES6+), HTML5, CSS3, AJAX
